

Please observe the following instructions – Manure Spreader

Before Use:

- Check hydraulic couplings.
- Secure safety chains, hydraulic hoses, and tongue pin for transport.
- Observe slow moving vehicle speed when transporting on public roads.
- Closely follow Operator's Manual.
- Check all nuts, bolts, screws, and connections for tightness.

During Use:

- Keep all nuts, bolts, screws, and connections tight. Check for tightness daily.
- Watch hydraulic hoses. They can burst and cause serious injury.
- Do not turn sharp corners with Spreader.
- Do not exceed recommended operating speeds.
- Do not attempt to clean or adjust the Spreader while it is in motion.
- Do not allow any person to ride on the Spreader.
- Do not walk near the spreader while it is in motion.

After Use:

- Call the District at (301)475-5856 to report total loads spread. Hours - 7:30 a.m.- 4:00 p.m. weekdays.
- Help avoid spreading any contaminants. Clean Spreader.
- Return Spreader to specified location
